FROM THE DESIGNERS

“The magic in designing our collections stems from transformative inspiration. It’s the force that drives everything we do, pulling us toward it to understand, study and translate it. Design in this way is our language, the way in which we interpret and transform this inspiration to share with the world. We believe in the power of design to make the world a better place and we are committed to sharing our unique perspective to provide a lifestyle that not only looks stunning but also encourages people to live artfully.”

Sincerely,

ADRIANA HOYOS, FOUNDER & CREATIVE DIRECTOR

LUA, LIVE ARTFULLY

Moon breeds a sense of mystery and elegance. From crescent to full, the moon's changing phases and shadows creates a range of different moods in every atmosphere it shines its light on.

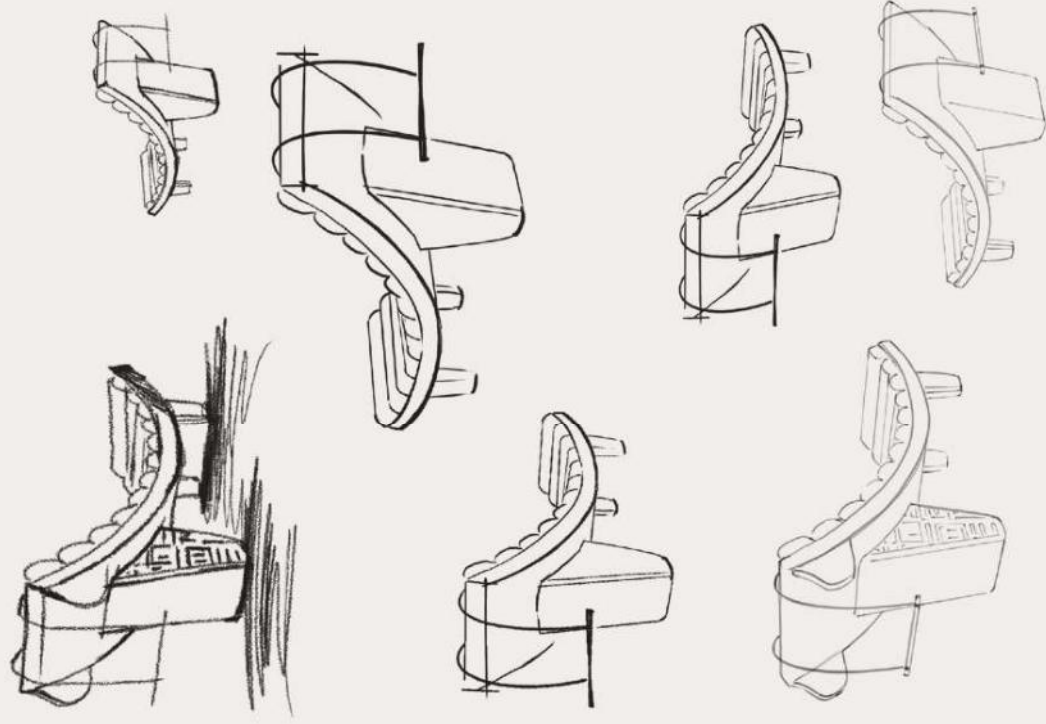

The LUA collection is inspired by the moon's energy and its profound role in shaping the world around us, defining our perception and setting the tone for our daily lives.

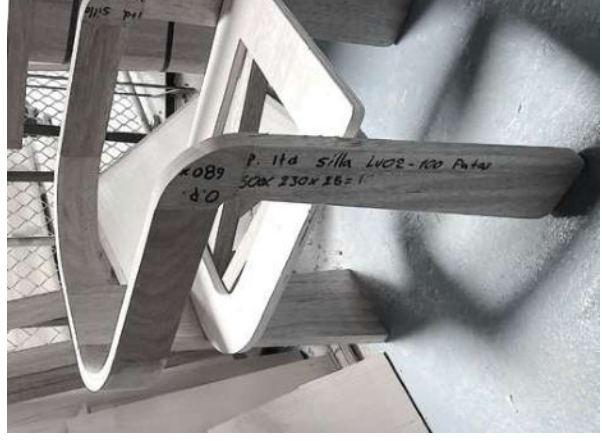

A collection characterized by its curved organic shapes and modern design. Each piece is carefully crafted, offering distinct design moments meant to catch the viewer's eye and draw them in. The pieces present a sense of quiet elegance while still being playful and dynamic.

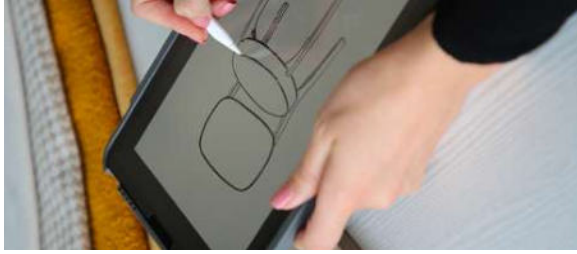

THE DESIGN PROCESS

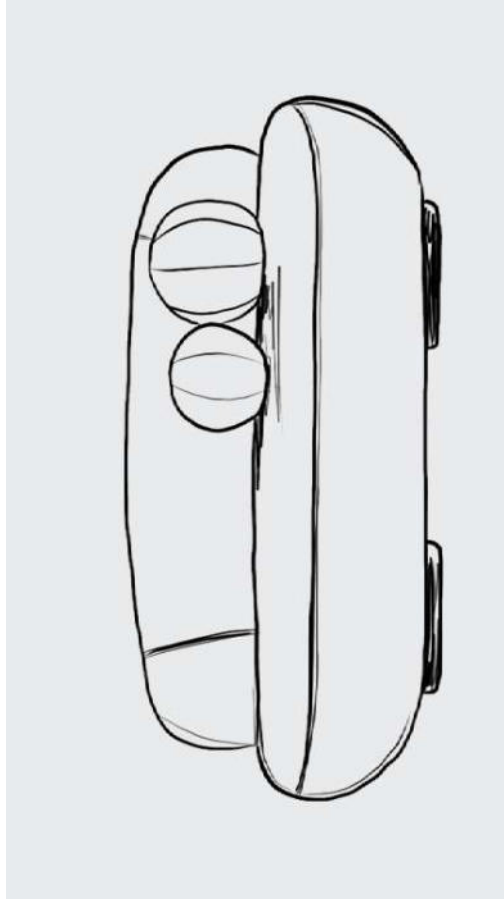

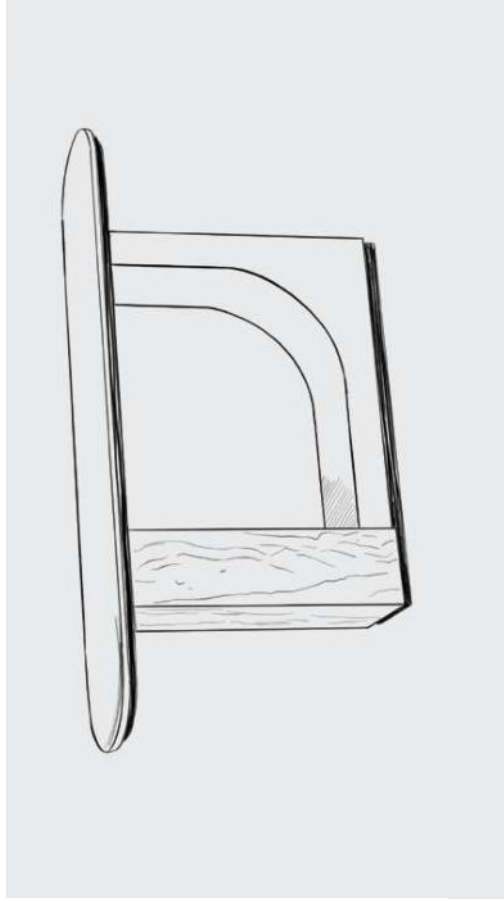

Every touch on this collection echoes meticulous and careful craftsmanship.

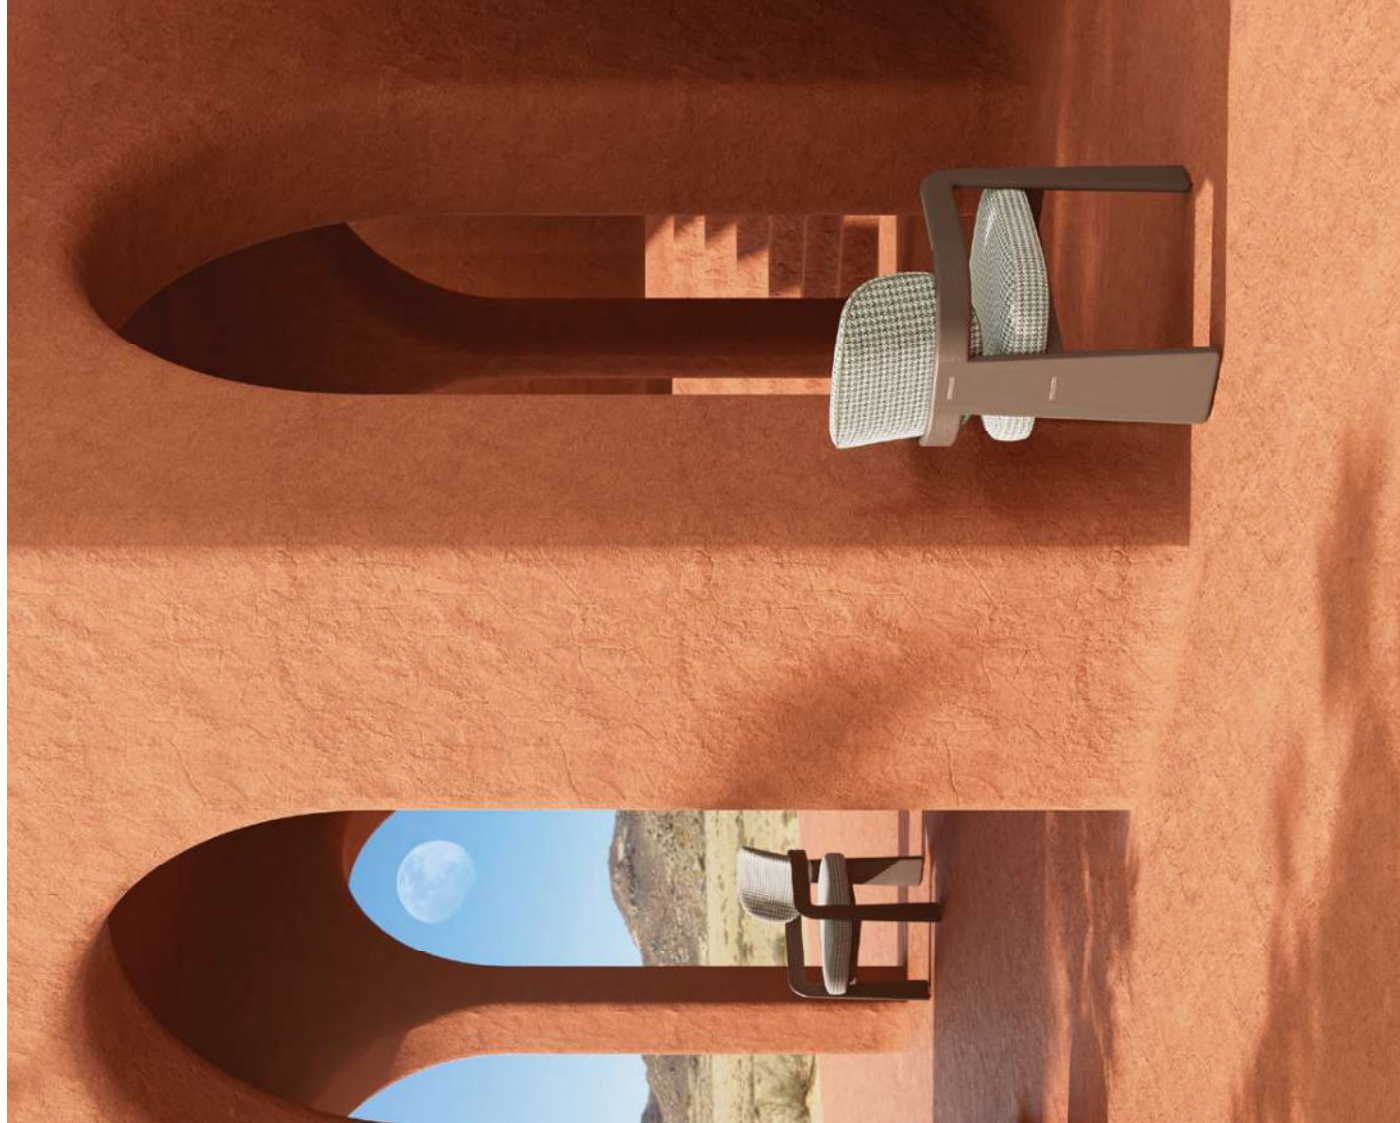

LUA COLLECTION

Subtly elegant with design moments that captivate, LUA is a collection marked by its unique shapes and silhouettes. The pieces are designed to seem as if they are floating, appearing in curved shapes inspired by the full, half and crescent moon phases.

The collection is versatile: including various pieces that can be combined, specified and rearranged to provide the user with the opportunity to add their personal touch. The LUA collection is an evolution in the ADRIANA HOYOS' portfolio, but maintains the brand's DNA pairing perfectly with previous collections.

Rooted in the primitive tradition of lunar adoration, Selene embodies a relaxed luxury, combining contemporary and timeless design. Inspired by the silhouettes of the phases of the moon, the chair's design invites you to immerse in moments of serenity. Its crescent-shaped backrest, upholstered in boucle, sits on the comfortable full moon seat (upholstered in the same fabric) creating a cozy, warm environment.
